

2nd Global Forum on Green Economy Learning

Green Economy: New Challenges, New Skills

26-27 November 2018, OECD Conference Center, Paris, France

INFO AND APPLICATION FORM – PAGE FELLOWSHIPS

About the Forum

The 2nd Global Forum on Green Economy Learning is jointly organized by the Partnership for Action on Green Economy (PAGE), the Green Growth Knowledge Platform (GGKP), the Organization for Economic Cooperation and Development (OECD), the Global Green Growth Institute (GGGI), the Green Economy Coalition (GEC) and Environment for Development (Efd). It will discuss the important role of knowledge and skills in designing inclusive green economy solutions. The Forum will be held in conjunction with the Sixth GGKP Annual Conference and the 2018 OECD Green Growth and Sustainable Development (GGSD) Forum, 27-29 November 2018 at the OECD Conference Center in Paris. Together, the three events are aiming to address the political economy of green and low-carbon policy reforms, identify their distributional impacts, and explore inclusive solutions for households, workers, sectors and regions to help them contribute to a greener future.

The 2018 Learning Forum aims to address one of the key questions for green economy learning: **How can countries build up a critical mass of professionals that: (1) understand the risks and opportunities of a transition to an inclusive green economy; and (2) have the knowledge and skills to put in place the right policies and incentives to address identified risks?** That means the Forum will focus on the issue of learning and skills development for current and future decision-makers, technical staff in Ministries and others involved in policy design and implementation. For more information about the Forum, visit: <http://www.un-page.org/2nd-global-forum-green-economy-learning>

PAGE Fellowships

A small number of fellowships is available for participants from PAGE partner countries. Full fellowships cover the costs for accommodation and travel to Paris and back. Applicants that can cover either the costs for travel or accommodation in Paris themselves will be prioritized. Fellowships are targeted at:

- Representatives from education and training institutions that train (future) decision-makers and other professionals involved in policy design and implementation (including national schools of public administration; civil service training institutes; universities, etc.);
- Policy-makers and public officials engaged in green economy policy and capacity development;
- Representatives of civil society organizations regularly delivering relevant trainings.

How to Apply

Please complete the attached form and send it to page@unitar.org by **14 October 2018**

Annex: Application Form

1. General information

- First name:
- Last name:
- Gender:
- Job title:
- Organization:
- Type of organization (education institution, government, civil society, etc.):
- Country of residence:
- Nationality:
- Email address:
- Phone number:
