

1st Global Forum on Green Economy Learning

ENGAGING LEARNING INSTITUTIONS AND PROFESSIONALS IN SHAPING
AN INCLUSIVE GREEN ECONOMY

In collaboration with

16-18 December 2015

OECD Conference Center
Paris, France

Interested in participating in the Green Economy Learning Forum?

Please visit www.un-page.org/resources/1st-global-forum-green-economy-learning or contact page@unitar.org for more information.

This event is organized by the Partnership for Action on Green Economy (PAGE) in collaboration with the Green Growth Knowledge Platform (GGKP), the Organisation for Economic Co-operation and Development (OECD) and the UNESCO-UNEVOC International Centre for Technical and Vocational Education and Training

The overall goal of the 1st Global Forum on Green Economy Learning is to scale up learning on inclusive green economy (IGE) through collaboration of interested institutions from around the world. More specifically the Forum aims to:

- Facilitate information exchange, experience-sharing and coordination for IGE learning
- Review national approaches to develop a strategic approach to IGE learning
- Engage learning institutions in integrating IGE concepts within existing courses
- Initiate collaboration to develop a self-standing green economy curriculum

The Forum is expected to bring together 60-70 professionals engaged in IGE learning and capacity development from national, regional and global institutions. In particular, the Forum targets:

- Policy-makers/public officials engaged in green economy policy and capacity development
- Development partners active in green economy capacity development
- Representatives from education and training institutions (including universities, technical and vocational education and training institutions, professional training centers, etc.)
- Representatives of NGOs and business associations regularly delivering relevant trainings
